

REQUEST FOR PROPOSAL

YOUTH AND JUNIOR NATIONALS

2023-2024

HOST SITE PROPOSAL

This document features a comprehensive proposal outlining the host site sponsorship of the 2023 & 2024 USA Triathlon Youth & Junior Nationals. The local organizing committee chosen as host should place primary emphasis on the safety and quality of the event while also generating community interest and respectfully representing the USA Triathlon brand.

ABOUT USA TRIATHLON

USA Triathlon (USAT) is the national governing body for the multisport disciplines of triathlon, duathlon, aquathlon, aquabike, paratriathlon, and winter triathlon in the United States. USA Triathlon is a member federation of the U.S. Olympic Committee and the International Triathlon Union (ITU).

USAT coordinates and sanctions over 4,300 grass-roots and elite multisport events across the country. USAT’s membership exceeds 150,000 and is comprised of athletes of all ages, coaches, officials, parents and fans striving together to strengthen multi-sport.

The mission of USA Triathlon is to grow and inspire the triathlon community. Our vision is to provide the resources required for all in the triathlon community to reach their full potential.

EVENT BACKGROUND

The three day event will attract over 1,100 youth and junior athletes, and their families from across the United States ranging from 7 to 19 years of age. The event date typically falls on the last weekend of July or first weekend of August.

The event will consist of three types of races: non-drafting, draft-legal and a mixed gender relay. The non-drafting youth age group race will be conducted as a typical triathlon event following USA Triathlon non-drafting rules. The draft-legal Youth and Junior Elite events will be conducted in the Olympic format and are designed to train USA Triathlon’s Olympic hopefuls. The mixed relay is a mixed gender relay that consists of four team members (two males and two females). It is conducted in the draft-legal format with each team member completing all three disciplines before tagging off to their teammate.

The event will also consist of Packet Pick-Up, Expo, Athlete Briefings, Welcome Celebration, Awards Ceremony, Swim and Bike Coruse Familiarizations and Athlete Clinic among other items.

EVENT OWNERSHIP

USA Triathlon owns and operates this turnkey event. USAT will serve as race management and work closely with the LOC to make sure a successful event is produced. The LOC will serve a vital role in the planning and connecting USAT with the right individuals and agencies within the community.

USA Triathlon does reserve the right to use a housing service to secure the necessary hotel room needs for the event.

COURSE DISTANCE REQUIREMENTS

EVENT	SWIM	BIKE	RUN
Youth Age Group (Ages 7-10)	100 meters	5 kilometers	1 kilometer
Youth Age Group (Ages 11-15)	200 meters	10 kilometers	2 kilometers
Youth Age Group (Ages 13-18)	300 meters	10 kilometers	2.5 kilometers
Youth Elite (Ages 13-15)	375 meters	10 kilometers	2.5 kilometers
Junior Elite (Ages 16-19)	750 meters	20 kilometers	5 kilometers
Mixed Relay (Ages 13-19)	250 meters	5 kilometers	1.2 kilometers

**The ideal bike course is a 5 kilometer loop to easily accomodate the various race distances.*

The Youth Age Group course requires various distances depending on age. The swim must be one lap while the bike and run can be up to two laps each if needed. The anticipated field size for this event is 800 athletes, although the field size is not capped.

The Youth and Junior Elite races will require a 375 meter swim course, 5 kilometer bike course and a 2.5 kilometer run course. Youth Elite athletes will complete one lap of the swim, 2 laps of the bike and 1 lap of the run. Junior Elite athletes will complete 2 laps of the swim course, 4 laps of the bike course and two laps of the run course. Depending on the space availability, the Junior Elite swim course may be set at 750 meters with athletes completing one lap. The anticipated total field size for this event is 300 athletes. The maximum size of each field is 75 athletes per international regulation.

The Mixed Relay event requires each team member completing one lap of the 250 meter swim course, 5 kilometer bike course and 1.2 kilometer run course before tagging off to their teammate who will do the same. This is a very unique event for triathlon, but also in the sense that it is a mixed gender competition. Depending on transition area space, upwards of 75 teams will compete in this event.

To ensure the safety of the athletes, complete road closures will be required for all races.

EVENT MARKETING

This event will be marketed throughout the United States by USA Triathlon. USA Triathlon will market the event through its print and electronic media outlets. For increased event recognition, the event will include a webpage, with links to all partners, sponsors and the host city CVB/Sports Commission.

Because USAT sees this as a partnership, the LOC's logo will appear in conjunction with all marketing, advertising and promotion for the event. The LOC reserves the right to review and approve all collateral material for the event prior to its production. The LOC also may use USAT's logo in conjunction with its printed information but only with approval from USAT.

USA TRIATHLON PARTNERSHIP WITH THE LOC

USA Triathlon will work with the LOC to create and implement a marketing promotion centered on the event location. Such promotions may include special pre-event vacation packages, discounts on future vacation visits to the area, special athlete tours of historical or unique sites, etc.

USA TRIATHLON SITE SELECTION CRITERIA

USA Triathlon will use the following guidelines in reviewing the proposal and in the selection process.

- Swim Course: Clean, scenic body of water, with temperatures ranging between 60F and 80F.
- Weather: Moderate and reliable (No threats of hurricanes, searing heat, forest fires, etc.)
- Bike Course: Safe course with roads that are entirely closed to traffic and can accommodate the athletes comfortably. Road conditions are good with minimal safety concerns.
- Hotels: Should be able to service 1,100 athletes plus staff, friends, family, spectators, and sponsors. Dorms, home stays, campgrounds, etc., are alternative housing options. Attempts should be made to minimize the cost of the hotel room block. Estimated total room nights range between 800 and 1400.
- Race Venue: Adequate space for swim start/finish, transition area, finish line, athlete recovery area, spectator viewing, parking, and race expo. Venue should not be more than a 15 minute drive from hotel. No split transition area.

LOC/HOST SITE BENEFITS

Hosting a national championship provides exposure and financial rewards to the local organizing committee as well as the community. USA Triathlon has provided a breakdown of the financial impact of hosting an event of this caliber in the Economic Impact Projections section of this document. Additionally, revenue can be increased through obtaining local partners and sponsorships to purchase paid advertisements leading up to and through the event.

Promotion/Ad Budget: valued at \$50,000—includes full-page ads in USA Triathlon Life (150,000 circulation) and regional triathlon publications (combine for roughly 55,000 circulation). This same information will be placed on various Regional Federation websites as well as the event website and USAT's national website.

- Full-page ad in Official Program
- Logo on all collateral materials for event
- Logos on event signage on site (provided by LOC)
- Public address announcements during the event
- Exposition booth
- Premium insert into athlete pre-race goody bags
- Select representative of the Host Site may present awards to athletes
- Logo and event information on USA Triathlon Web Site - www.usatriathlon.org
